

WCLC 2026 – DLCG/DOLG-internat

Comwell H.C. Andersen Odense · 17.–19. september 2026

Streamingprogram for WCLC 2026 – DLCG/DOLG internat. Første streamingblok er fælles. Herefter kører fire parallelle spor. Reserve-sessioner står nederst og kan byttes ind.

Torsdag 17. september

Tid	ONKOLOGI	DIAGNOSTIK	LUNGEMEDICIN	THORAXKIRURGI
13.30–14.00	Frokost / sandwich	Frokost / sandwich	Frokost / sandwich	Frokost / sandwich
14.00–14.30	Velkommen og programgennemgang	Velkommen og programgennemgang	Velkommen og programgennemgang	Velkommen og programgennemgang
14.30–16.20	FÆLLES STREAMING OA04. Redefining Perioperative Therapy in Resectable NSCLC Integrating Immunotherapy and Molecular Targeted Strategies to Improve Cure Fælles refleksion	FÆLLES STREAMING OA04. Redefining Perioperative Therapy in Resectable NSCLC Integrating Immunotherapy and Molecular Targeted Strategies to Improve Cure Fælles refleksion	FÆLLES STREAMING OA04. Redefining Perioperative Therapy in Resectable NSCLC Integrating Immunotherapy and Molecular Targeted Strategies to Improve Cure Fælles refleksion	FÆLLES STREAMING OA04. Redefining Perioperative Therapy in Resectable NSCLC Integrating Immunotherapy and Molecular Targeted Strategies to Improve Cure Fælles refleksion
16.20–16.30	Kaffepause	Kaffepause	Kaffepause	Kaffepause
16.30–19.00	PL02. Presidential Symposium 1 Including Lectureship Award Presentations	ES06 – Biomarkers in Lung Cancer: From Immunohistochemistry to Omics	ES31 – Interstitial Lung Disease and Lung Cancer – Challenges and Controversies	ES35 – Therapeutic Strategies After Neoadjuvant Therapy and Resection: Escalate, De-escalate, or Hold?
19.30–21.00	Middag	Middag	Middag	Middag

Freitag 18. september

Tid	ONKOLOGI	DIAGNOSTIK	LUNGEMEDICIN	THORAXKIRURGI
06.30–08.30	Morgenmad	Morgenmad	Morgenmad	Morgenmad
08.30–09.45	PL03. Presidential Symposium 2 Including Lectureship Award Presentations inkl. faggruppediskussion	Faggruppediskussion af torsdagens diagnostiske session	Faggruppediskussion af torsdagens lungemedicinske session	Faggruppediskussion af torsdagens kirurgiske session
09.45–10.00	Pause	Pause	Pause	Pause
10.00–11.30	PL03. Presidential Symposium 2 Including Lectureship Award Presentations inkl. faggruppediskussion	MO05 – Evolving Pathological Grading and Molecular Profiling for Lung Cancer Risk Stratification and Treatment	ES11 – TNM Classification – What We Learned From the 9th Edition	ES02 – Surgical and Non-surgical Approaches for Early Stage NSCLC
11.30–12.30	Frokost	Frokost	Frokost	Frokost
12.30–13.45	OA14. The Breakthrough Immunotherapy for Advanced NSCLC	Faggruppediskussion	Faggruppediskussion	Faggruppediskussion
13.45–14.00	Pause	Pause	Pause	Pause
14.00–15.30	ONKO SPOR A: OA12. KRAS/EGFR precision oncology	ONKO SPOR B: OA09 Stråleterapi/lokal behandling	ES26 – Navigating Overdiagnosis and Overtreatment in Lung Cancer Screening	ES38 – Subsolid Nodules Guidelines: Looking for Trustworthy International Recommendations
15.30–16.45	ONKO SPOR A: OA05 SCLC beyond PL02	ONKO SPOR B: Mesotheliom/thymiske maligniteter MO04	Faggruppediskussion	Faggruppediskussion
16.45–17.00	Pause		Pause	Pause
17.00–18.30	ONKO SPOR A: OA10 Biomarkørstyret immunterapi	ONKO SPOR B: Oligometastaser/CNS-lokal terapi	ES46 – Scaling Lung Cancer Screening Globally	ES43 – Complex Surgical Decision-Making in NSCLC: Pitfalls After Systemic Therapy and Challenges in High-Risk Cases
19.00–20.30	Middag		Middag	Middag

Lørdag 19. september

Tid	ONKOLOGI	DIAGNOSTIK	LUNGEMEDICIN	THORAXKIRURGI
07.30–08.30	Morgenmad	Morgenmad	Morgenmad	Morgenmad
08.30–09.45	Faggruppediskussion / vigtigste take-home messages Selected precision/difficult to treat NSCLC highlights	Faggruppediskussion / vigtigste take-home messages	Faggruppediskussion / vigtigste take-home messages	Faggruppediskussion / vigtigste take-home messages
09.45–10.00	Pause	Pause	Pause	Pause
10.00–12.00	FÆLLES MDT-DISKUSSION Opsamling på screening, diagnostik/biomarkører, staging, kirurgi/perioperativ behandling og onkologi	FÆLLES MDT-DISKUSSION Opsamling på screening, diagnostik/biomarkører, staging, kirurgi/perioperativ behandling og onkologi	FÆLLES MDT-DISKUSSION Opsamling på screening, diagnostik/biomarkører, staging, kirurgi/perioperativ behandling og onkologi	FÆLLES MDT-DISKUSSION Opsamling på screening, diagnostik/biomarkører, staging, kirurgi/perioperativ behandling og onkologi
12.00–12.30	Evaluering og next step	Evaluering og next step	Evaluering og next step	Evaluering og next step
12.30	Farvel og sandwich to go	Farvel og sandwich to go	Farvel og sandwich to go	Farvel og sandwich to go

Reserve-sessioner / buffer

Spor	Reserve-sessioner
Onkologi	MO01 – Reprogramming the Battlefield: Immune Niches, Molecular Switches, and Emerging Therapies in Lung Cancer MO03 – From Cellular Reprogramming to Immune Escape: Advances in Lung Cancer Biology OA13 – Resistance, Rewiring, and Reach: Lung Cancer Biology from Molecules to Metastasis ES48 – Challenges and Emerging Approaches in LA NSCLC MO12 – Closing The Gaps In Driver Altered NSCLC: Moving Beyond Current Boundaries
Lungemedicin	ES08 – Gender, Equity, and Evidence: Unraveling Disparities in Lung Cancer Research and Care ES14 – Reimagining Smoking Cessation and Risk Reduction for Lung Cancer ES34 – Understanding Risk Factors Beyond Detection of Lung Cancer MO10 – Rethinking Lung Cancer Risk: Never-Smoking, Molecular, Environmental and Sex Perspectives OA03 – Rethinking Lung Cancer Screening: AI, Equity, and Early Detection Beyond Traditional Risk
Diagnostik	ES50 – AI and Comprehensive Perioperative Testing: Redefining Pathology Practice ES40 – Grading and Classification of Lung Neoplasms OA11 – Circulating and AI-Driven Biomarkers in Lung Cancer MO11 – Innovative Approaches to Lung Cancer Biomarker Discovery
Thoraxkirurgi	WS16 – Optimum Patient Pathways for Early-Stage NSCLC ES07 – Working Smarter, Caring Better: How AI Can Transform Clinical Practice ES13 – Redefining Pleural Mesothelioma ES18 – Tailored Perioperative Management for Resectable NSCLC ES33 – Locally Advanced Thymic Tumors ES41 – Debate: Should We Convert the Unresectable to Resectable?
